

Michael Sydney Moore

Senior Frontend Engineer

London, UK | codemoore@outlook.com | +44 7920 837066

[linkedin.com/in/michaelsydneymoore](https://www.linkedin.com/in/michaelsydneymoore) | github.com/msmfa | [Design portfolio](#)

Senior Frontend Engineer with 7 years' experience building React applications and data visualisations, from UX and architecture to production. Brings a visual design background, with artwork exhibited at the National Portrait Gallery.

CORE SKILLS

Frontend: React, TypeScript, JavaScript, HTML, CSS, REST APIs

Visualisation and design: WebGL, Three.js, Mapbox, UX, Figma

Engineering: Frontend architecture, design systems, performance optimisation, accessibility, Git

AI integration: Generative AI, LLM APIs, Claude API, OpenAI API

PROFESSIONAL EXPERIENCE

Senior Frontend Engineer | TradingView

Sep 2023 - Present

- Designed and delivered the TradingView Universe MVP from concept to production in approximately two weeks, contributing to a 13% increase in sign-ups.
- Led design and frontend development of geospatial and data visualisation experiences using React, TypeScript and WebGL, owning UX, interaction design and frontend architecture with product stakeholders.
- Built reusable rendering architecture and UI components for responsive WebGL experiences handling complex datasets.

Frontend Lead | Browser London

Nov 2022 - Nov 2023

Previously Frontend Developer | Feb 2022 - Nov 2022

- Led frontend architecture and technical delivery across five production applications, working with designers and stakeholders on evolving requirements.
- Mentored five engineers through code reviews, technical planning and implementation guidance.
- Built reusable component libraries and shared frontend foundations to support consistent delivery across client projects.

Software Engineer | M10C

Jun 2020 - Mar 2022

- Built React applications and reusable UI components for commercial clients.

Full Stack Developer | 3DPK (contract)

Dec 2019 - May 2020

- Built the company's launch MVP using Mapbox and Three.js, helping the founders secure long-running client contracts.

SELECTED PROJECTS

Plastic Brains | iOS therapy journal

plastic-brains.com

Designed and built a React Native app for writing and revisiting therapy notes, owning the product concept, UX and frontend implementation.

Practice Pad | Electron app for macOS

practice-pad.app

Built and released an interview-practice app with 24 JavaScript and TypeScript exercises, a code editor, automated tests, progress tracking and optional Claude-powered guidance.

EDUCATION

Central Saint Martins, University of the Arts London

Foundation Diploma in Art & Design

BA (Hons) Fine Art studies (partially completed)
